Welcome

Dear conference participants,

it is a great pleasure for me to welcome you on behalf of the Scientific Committee at the 3rd V4 Conference on Public Health in Prague. The conference takes place four years after the great success of the 1st V4 Conference on Public Health that was held in Košice, Slovakia, in 2013, and two years after 2nd V4 Conference on Public Health in Zabrze, Poland, in 2015.

I believe that you will use the conference for sharing and discussing your ideas and experiences, presenting your research as well as simply extending your personal cooperation networks. Most of the participants come from the so-called V4 countries (Czech Republic, Slovakia, Hungary, and Poland), so it is assumed that experiences can be transferred from one country to another because we face quite similar problems.

I would like to express my personal thanks to all members of the Scientific and Organising Committees for their work in preparation of the conference.

Enjoy your time in the city of Prague.

The chair is responsible for organization of the session. The official conference language is English. No simultaneous translation will be provided.

Social Event/Conference Dinner 19:00 – 21:00

We will enjoy conference dinner at the boat. How to get there? Take metro from Budějovická (line C), change at Florenc (lines B/C), go to the Náměstí Republiky (line B). There are two exits, one on Masarykovo nádraží and the other on Náměstí Republiky/Palladium – that is the right one. (One way ticket for metro is 32 CZK). Exit the metro and go by Revoluční street in the direction of the river. At the end of the street, go to the right. In the dock “Na Františku” look for the boat “Europe” (<http://www.europe-rp.cz/en/>). Be there in time, the boat will leave! Dress warmly!

The ASPHER V4 Working Group Workshop

Workshop title: Public health capacity development in V4 countries

Chair: Alena Petraková, Faculty of Medicine & Dentistry, Palacký University, (alena.petrakova@upol.cz)

Time: Thursday, October 19, 16:00 – 17:30

Background and Aim:

The ASPHER V4 Working Group (WG) was established in 2016 and officially launched during the 9th European Public Health Conference in November 2016 in Vienna, Austria.

Key objectives of this ASPHER V4 WG:

- Supporting partnerships and networking of public health schools and experts in the V4 countries,
- Strengthening the evidence-based public health, knowledge transfer and information sharing in the time of increasing risk of cross-border threats to the human health,
- Strengthening and further developing cooperation focused on public health related aspects of the ongoing migration crisis,
- Developing and implementing joint research projects (primary and secondary research) on agreed priorities, and
- Preparing and submitting joint project proposals to fundraise resources to sustain the WG activities.

Key activities of this ASPHER V4 WG:

- Preparation and submission of grant proposals to the International V4 Fund (starting with standards grant proposal/s, later on preparing also strategic grant proposal),
- Involvement in relevant projects/initiatives undertaken by the ASPHER/EUPHA,
- Active participation in conferences of the V4 countries' SPHs and PH associations,
- Active participation in the next year's ASPHER Deans & Directors Retreat (June 2017, Rennes, France) and EPH Conference (November 2017, Stockholm),
- Active participation in the European JBI Symposium to be held in 2018 in Olomouc, Czech Republic, together with the 19th European JBI's Directors meeting.

Structure of the workshop:

Introduction: Alena Petraková and Robert Otok (5')

Presentations of the ASPHER V4 WG's members: Hungary (15') Poland (15') Slovakia (15') Czech Republic (15') Discussion (15')

Conclusions and the next steps: Chair and Co-Chair (10')
